

Have you heard of

## The Priority Services Register (PSR)?

It is free to join.

It helps utility companies, including energy suppliers, electricity, gas and water networks to look after customers who have extra communication, access or safety needs. It helps them tailor their services to support households who need extra help with everyday energy matters like bills, and in the unlikely event of a power cut, gas or water supply interruption.

Please refer to the link below for further info and to register-
