PROGRAMME PLANNING

We encourage WIs to plan a varied and exciting programme for their members. This is best achieved if you find a way to get your members to tell you what they would like at the monthly meetings. This can be done by asking them for suggestions in a variety of ways and then booking a wide range of their ideas. Use the aims and objects of the WI as a guide to the full range of areas your meetings should cover. Most WIs have a range of extra activities on offer for members to join in with and members can join with the Federation and National events put on for them. The speakers in the Yearbook have all passed the Federation auditioning process and cover a wide, varied range of subjects.

THE SPEAKER

BOOKING THE SPEAKER:

After initial contact (by phone, email or post) it is a good idea to confirm in writing (email or letter) the exact details of the booking and the meeting they are to attend. This should include time, place, fee and add that they should bring whatever equipment they need to give their talk, demonstration or entertainment. If you are able to provide any amenities i.e. stage, screen, extension cable, blank wall, table/chair, make sure the speaker is aware of this on the form and ask for confirmation of what they would like provided. Speaker's fees and mileage are correct for the year in which the Yearbook is produced.

BEFORE THE MEETING:

Remember to confirm in the month before your meeting that the speaker is coming, and all the necessary arrangements are in place. Check again that they will be bringing all the equipment they need to give their talk, demonstration or entertainment as per your booking form.

LOOKING AFTER THE SPEAKER:

Please factor this into your meeting planning. Check requirements such as parking/ public transport/ timings/ payment etc., and ensure a member is assigned to look after the speaker for the entire time they are at your meeting.

AFTER THE MEETING:

The only way we can monitor the quality of our speakers is by WIs submitting a confidential report about the speaker after their meeting. These can be posted or emailed and are available from the SFWI office or the website to download, [Document Library | Surrey Federation of Women's Institutes](#)

FORMS FOR BOOKING/INVOICING SPEAKER:

These are all available on the Surrey Federation website for you to use/edit as required.

EMERGENCY SPEAKERS:

Please check the Yearbook for SN beside speaker's names. These speakers may be available at Short Notice.

OTHER PROGRAMME IDEAS

Don't stick to the same routine - change things around from time to time.

Do encourage new members to help plan the programme.

Be inventive and use your members' talents and skills.

Encourage members to participate in Group, Federation and National events by including details on your printed programme.

Try to arrange events between the meetings, like rambles, games evenings, theatre and cinema outings, discussion groups etc., and include them all on your programme.

ZOOM MEETINGS

Zoom is a video conferencing platform, which enables you to video call people as well as join and take part in meetings in small or large groups, all from the comfort of your own home. The software can be used on your laptop, iPad or phone and is safe and secure to use. If you would like more information or help on how to use Zoom, please contact the office via email info@surreyfedwi.org.uk who can provide you with guidance.

REMEMBER: Your programme is your calling card and should advertise all the events that you are able to offer members.

CLASSES

Please contact the speaker for the fee for classes and day schools.

NOTES

The Speaker's List is revised annually, and the Surrey Federation reserves the right to omit, retain or add names.

If Speakers wish to sell items at a WI meeting, this should be by prior agreement. Items must be placed on the WI sales table and the WI concerned given their usual 10% commission. (Note: If a speaker has a money-back guarantee for the goods they sell, WIs should confirm with them in writing whether or not commission will be withheld until the guarantee period has passed. Once the meeting is over, the Secretary should obtain written confirmation from the speaker as to the amount of commission due if no returns are made.)

SPECIAL NOTE FOR ORGANISATIONS OUTSIDE THE WI

The fees listed are for organisations within the WI only. The fees quoted in this book may **not** be applicable to other organisations as many speakers may have reduced their fees for Surrey WI members. Non-WI organisations should contact their chosen speaker direct to negotiate a fee and travelling expenses.

ADVISERS TALKS

WI Advisers are happy to talk about any aspect of the WI. Apply direct to the WI Adviser of your choice. A charge of £15 will be made.

CLIMATE ADVOCATE

TRUST, CHARITIES AND ORGANISATIONS

Where a charity requests a donation, it is suggested that a minimum donation of £50 be made.

Some speakers ask for the fee to be paid to their named charity. The rules for this have changed and cheques for the speaker fee may be paid to any charity following a talk at a meeting. Please ensure that the words "Speakers Fee" is stated on the cheque stub along with the payee's name. If possible, obtain an invoice from the charity otherwise the receipt signed by the speaker should state that the payment was received 'on behalf of the (named) charity'. All speaker's fees are recorded in the account book under "WI meetings" 'Speakers and other costs'. Do not record the speaker's fee under 'donations'

CASUALTIES UNION (SURREY UNIT)

Founded in 1942, in Leatherhead, Surrey, Casualties Union was created to improve the rescue and casualty care skills for the civil defence teams during World War 2 when buildings were destroyed during air raids and bombings. Fast forward 80 years and we are still helping emergency services, airports, community response teams and companies continuously improve the same skills, through the use of our voluntary make-up, acting and staging!

It's hard to answer the question: "can you give us an example of a day in the life of a volunteer for Casualties Union?" One day we could be rescued out of an overturned vehicle, the next, stretchered away from a smoke-filled room by fire crews.

It's certainly not a film set or a TV drama, nor are we stuntmen or women! Instead, it's a day volunteering as a simulated casualty; assisting emergency services with their training for real-life emergencies that occur all around us every day.

Details for our group: Sarah Martin, Surrey Branch Leader, Casualties Union

THE COMMONWEALTH WAR GRAVES COMMISSION

The Commonwealth War Graves Commission is a global leader in commemoration. Founded by Royal Charter in 1917, we work on behalf of the Governments of Australia, Canada, India, New Zealand, South Africa and the United Kingdom to commemorate the 1.7 million men and women from the Commonwealth who lost their lives in the two World Wars. We believe that remembering individuals who have died in conflicts is of universal, perpetual relevance, and that reflecting on their deaths is of continuing and paramount importance for us all. The cemeteries, memorials, graves, landscapes, and records in our care will be found at 23,000 locations and in more than 150 countries and territories. They are both the practical means of our commemoration of the fallen and vehicles for discovery, inspiration, and engagement. We believe that each one of those we commemorate were people like us, with their own ambitions, hopes, and dreams. It is our duty and privilege to care for their graves and memorials and through our charitable Foundation, keep their stories alive.
